To ANC 6B09 Commissioner Brian Flahaven,

Chad and Jessica Cantwell have presented drawings of a proposed third floor addition to their house at 328 16th Street, S.E. for my review. The Drawings are as prepared by Ahmann LLC, Architectural Services, and are dated 09 May 2013.

They have mentioned that the addition as proposed requires a Special Exception from the DC Zoning Regulations, which they are intending to pursue.

I have reviewed the drawings and I support the approval and construction of this project.

Sincerely,

Hester Jackson
